INC (MNC) at USA and Satyam Computers at Hyderabad respectively, has requested the Government to evaluate the case in the right perspective and to drop further action against him.

4. Government after careful examination of the matter in the light of the representation of the individual, observe that the individual served in the Department from 1984 to 2009 as Junior Assistant to Deputy Tahsildar, that their family is substantially agriculture based and he owned Ac. 13-74 for his share, that he used to get substantial agriculture income even prior to entering into service, his wife is also an independent earning member who has been filing IT returns regularly and his son is employed in USA since 2003 and drawing good salary. It is also observed that, the total value of assets and income of his wife, daughter and sister-in-law are added to the Accused Officer's income and the income of Accused Officer in respect of salary, agriculture/horticulture and through NRI son is not properly and transparently calculated and shown very less and therefore there is no case of possession of disproportionate assets to the known sources of income against the Accused Officer.
